

Dr. Chippin...

...does not charge for missed appointments.

An ongoing pattern of missed appointments may result in discharge from the practice.

...does not renew medications without reassessment.

Prescription renewals are **not** an emergency. Please have medications renewed at your appointment.

****new policy effective March 1st, 2023****

It is your responsibility to book a followup appointment at least one week **before** you run out. In the event an emergency renewal is required, there will be a charge of \$25.

Please bring all of your medications, vitamins, and supplements to each visit.

...has a policy for addictive medications and controlled substances.

For your safety and health, Dr. Chippin practices Evidence-Based Medicine when prescribing addictive medications and controlled substances like Percocet, Concerta, zopiclone, or lorazepam.

You may be subject to medication changes, urine drug monitoring, short dispensing intervals, and/or frequent assessments while on these medications.

...takes privacy very seriously.

Please let us know if we can talk about your health with anyone other than yourself.

If you have a power of attorney (POA) for healthcare, please bring a copy to the office.

...does not talk to drug reps.

He has no financial ties to drug companies.

...needs up-to-date information to contact you.

Please let us know if you get a new health card, move, change your phone number, or change your email address.

...tries to run on time.

Please let us know why you are booking your appointment so we can book enough time to address your concerns properly.

...asks you not to wear perfume or cologne in the office.
